2026 Agenda

Dear Sabine Basin Stakeholder:

The Sabine River Authority of Texas (SRA-TX) has scheduled two Sabine River Basin Steering Committee meetings on April 7th and 8th from 11:30 – 1:30 to review the Draft *2026 Basin Watershed Characterization Report* for the Texas Clean Rivers Program (CRP). A coordinated monitoring meeting will be held directly after the steering committee meeting.

April 7th Agenda

Location: SRA Lake Fork Office
353 PR 5183
Quitman, TX 75783

Welcome and Introductions
SRA-TX Texas Clean Rivers Program Overview
Draft *2026 Basin Watershed Characterization Report* for the CRP
SRA-TX Natural Resources Update
Water Conservation and Drought Contingency Plan
Community Assistance Program
Brief Break
Coordinated Monitoring Meeting

April 8th Agenda

Location: SRA Environmental Laboratory
2065 Woodland Ridge Dr.
Orange, TX 77632

Welcome and Introductions
SRA-TX Texas Clean Rivers Program Overview
Draft *2026 Basin Watershed Characterization Report* for the CRP
TMDL Update
Water Conservation and Drought Contingency Plan
Community Assistance Program
Brief Break
Coordinated Monitoring Meeting

I will send out final reminders via email a few days before the meeting.

Your participation is appreciated and provides valued input to the SRA-TX water quality monitoring efforts in the Sabine River Basin. Please feel free to contact me if you have any questions.

Sincerely,

Kaleb McDade
